

Charlotte Green Initiative Committee Membership Application

// Committee Description //

The purpose of the Green Initiative Committee is to allocate funds from the Green Fee to projects that will enable UNC Charlotte to use renewable energy, become energy efficient, and operate in a sustainable manner. This committee is a student-led initiative that will create a campus-wide awareness, education, and consciousness in students, faculty, staff, and visitors regarding sustainability.

Each student enrolled in 12 or more credit hours contributes to the money allocated by the Green Initiative Committee through a student fee referred to as the "Green Fee".

The committee considers projects that aim to enhance the campus in its **efficient use of energy, generation of energy from renewable sources, efficient use of resources.**

First and Last Name :

Major/Course of Study and Class Standing (Fr, So. Jr. Sr. 5th year Sr., career student) :

Contact Information [email, cell phone, etc...]

Describe in a few words, pictures or poems why you want to be on the committee and why sustainability is important to you, use the back of this page if you run out of space, emphasize your related experiences in work, class or life:
